

V8000WD WET/DRY HEPA VACUUM

For Construction & Renovation, Restoration, Mold Remediation & Healthcare

The V8000WD is a versatile HEPA vacuum that features superior suction performance, a low-profile design, low noise level, highest quality components and materials, and all the power you need to do a better cleaning job, with less effort and in a shorter time. Removes dust, dirt and non-flammable liquids.

This unit is rated at 1.6 HP, 135 CFM air flow and a vacuum waterlift of 92 inches. It features a 99.97% efficient @ 0.3 microns HEPA filter, making it ideal for applications wherever HEPA filtration is required to eliminate airborne contaminants and/or to comply with applicable regulations.

Furnished with combination floor nozzle, crevice tool and universal nozzle.

PROJECT APPLICATIONS

- › Construction & Renovation
- › Mold Remediation
- › Healthcare
- › Remodeling
- › Cleaning & Restoration

FEATURES

- › Stable, Low-Profile Design
- › Powerful Operation
- › ETL Tested & Certified for Safe Electrical Operation
- › 99.97% HEPA Filter
- › Slim & Easy to Transport
- › Easy-Emptying Tank
- › Low Noise Level
- › Chrome Wand & Extension
- › Optional Beater Bar Attachment Available for EPA-740-F-08-003 Compliance
- › One Year Limited Warranty
